

Agenda – Central Coast Climate Collaborative
Monthly Conference Call – 4/17/2019

1. Role call. Welcome Alan Arvin, new ED for CMSF, our fiscal sponsor
 - Haley Allison: new steering committee member
 - CA APA conference stuff
 - Regional collaboration session did not get selected.
 - Collaboration across scales and actors got selected (Wise-West, Lester, Finzi Hart, Sadrpour, Skevith Quin)
 - Rachel, Adrienne, others planning to go to APA conference in Sept
 - Next meeting facilitation
 - Lexie: May, June
 - Juliano: July, Aug
 - Maya: Sept, Oct
 - Tiffany: Nov, Dec
 - Rachel: sea grant fellow; has time to be spent on collaborative and so some extra hands to work with us. Dan Hoffield. Next step: here is call.
2. Upcoming ARCCA Q2 meeting: Friday June 14th in San Diego: Haley will be there. Rachel maybe. Sigrid?
 -
 - Equity and engagement / Risk and insurance ☐ BayCANN's trainings have been great.
 - Ella to add to Google drive and provide a link
 - Materials from BayCAN we could reference for annual meeting
 - [Catastrophic Wildfire Commission](#) 35 priority projects for [fuel reduction](#)
 - <https://resilientca.org/topics/plan-alignment/compass/>
 - Federal and State agencies partnered to provide Coastal Hazard Resilience Planning in California
 -
3. Committee updates
 - Membership committee – next steps on recruitment
 - Each of us contact County/APO/COG folks as follows:
 - [Santa Barbara APO/COG \(Sigrid\): Aerin at SB Air Pollution Control District, Mike Beck at SB CAG](#)
 - Santa Barbara County (Rachel): SB County Community Services Department, Sustainability Division: Watkins, Ashley <awatkins@co.santa-barbara.ca.us>; Planning and Development Director Lisa Plowman, Long Range Planning Division Director Dan Klenmann and Planner Selena Evilsizor; City of Santa Barbara Planner Melissa Hetrick (and other city planners in County)

- Monterey Bay Region (Tiffany): Santa Cruz County Planning Director Kathy X, Monterey County Planning Director and Sustainability Coordinator, Monterey Bay Air Resources District ED, San Benito Economic Development/City Manager
 - SLO County (who? Rachel? :): SLO County Annie Secrest, Energy Manager - ASecrest@co.slo.ca.us, SLO COG John Dinunzio (JDinunzio@slocog.org)
 - Ventura COG (Rachel?): Ella research Exec Dir contact.
 - RCD – Recent meeting (Anna) – making sure we have a focus for that event. Projects that could show collaborative effort and how it could be benefit.
 - Education – survey update... In process of setting up a searchable two way database...topical needs; who you are looking for what. Output: here are few faculty with willingness to collaborate to contact for Speaker, intern, collaborator, etc.
 - SLR – doodle poll and is scheduled.... April 26, 2019 at 10 am. Set some goals based on that conservation.
 - Equity – Juliano will schedule when back. Here is the framework:
 - Define Committee goals - and our own expectations (what do we hope to accomplish and learn?).
 - Compile a list of the most active EJ organizations in the Central Coastal (e.g. AZUL, CBE, CAUSE, EJCW, CALEJA, etc..)
 - Their geographic area of influence
 - Their main issues, goals, and projects (what policies are they advocating for)
 - Most significant achievements
 - Contact person
 - Any interactions with 4C members/steering committee?
 - Define how we want to engage with them (consultation, free membership, events, all of the above?)
 - How to deal with advocacy within 4C (as you know, EJ orgs have strong agendas and are not afraid to speak up– which is great but can lead to intense interactions).
 - Events - Maybe we could attend an EJ event representing 4C, or have an EJ session at our next event with a couple of guest speakers?
 - How can we be more inclusive in adaptation and mitigation planning in the central coast?
 - Discuss SB 535 Disadvantaged Communities and cap and trade investments (lot's of issues on this one)
 - How do we account for local vulnerabilities?
 - Lessons learned from recent projects
 - I am also really interested in how to connect inland communities with the coast
 - Tools, data and methods for engagement, vulnerability assessment, education, and communication.
 - Discuss ideas for a 4C project related to climate risks to vulnerable populations in the central coast (I have a few).
4. Discuss 4C annual symposium, potential date and agenda
- Rachel and Heather willing to help.
 - Next step: meeting asap. Put Save the Date in May newsletter

- o Adrienne and Dennis said the CA Climate Action Planning Conference save the date is going out this or next week and it is Aug 15-16.
 - o Since that is a Thursday and Friday...we will need to have our event on Weds 8/14!
 - o I asked Adrienne to help find us a room. Will it be only steering committee/members or invites to our entire 800 person email list? (Probably both)
 - o **We should revisit the survey we sent out last year and talk with the Steering committee about whether to revamp it and resend to inform our planning of the annual meeting?**
 - o Initial topics for consideration:
 - Environmental Justice; Equity
 - Climate liability and risk
 - Sea level rise
 - Wildfire
 - Transportation and tourism impacts
 - RCDs
5. Save Our Shores Climate Hub intro ☑Hayley
- o Share link; will go live this week. Resources and curriculum and new webinar series on marketing.
 - o Green New Deal – share information
 - o Please let Hayley know if a webinar topic interests you or you would like to be part of one.
 - o Next month: Dan from Elkhorn Slough Foundation trainings

4c annual conference

- remind group about adaptation clearinghouse for central coast webinar/meeting with nuin-tara at OPC
- Registration includes nominal \$10 for lunch?
- Same room as last year...good space (Adrienne checking for us – only date is really Aug 14)
 - o Happy
- Cost for same kind of lunch (veg options; zero waste if possible; no water bottles; fill stations)?
- Cost for coffee/pastries?
- Prizes (free/50% membership randomly picked from reps of orgs using FB and posting on our page with #ResilientCentralCoast and 4C swag for those who share their responses to networking prompts throughout day?? and if you don't want to share drop them in the boxes so we can track peoples' thoughts.)
- Is it possible to provide stipends to EJ / local gov groups to attend? Up to 15 \$100 scholarships?
- Make a call for speakers for those we cannot find ourselves in the May newsletter

9:00 am Checkin and Networking

- comparison posters from 2018 and 2019 from survey throughout room
- backdrop w/selfie sticks for #ResilientCentralCoast

9:20: Welcome

- 4C Major survey findings/changes. Major progress 2018-2019 FY. Membership
- Talk about the days two activities and how you can win prizes through social media and sharing responses to the networking prompts throughout the day
- Announcement about discounted/free membership for environmental/climate justice groups (ask that you participate in our EJ committee conversations quarterly)???

9:30 am How to Practice Equity

3 speakers at 10 minutes each, 15 min moderated, 15 minute q and a

- regulatory and ethical context
- who's doing what in our region (nancy faultich and SB area)
- best practices for engagement (green lining)

10:30-10:45 networking/coffee/break

activity: networking prompts...what is the buzz today? what did you learn new today? and what was missing?

social media captions... "a resilient central coast means..." and then selfie with #ResilientCentralCoast and tag 4C annual symposium on FB

10:45 Climate Risk and Liability

3 speakers at 10 minutes each, 15 min moderated, 15 minute q and a (see BayCAN)

- insurance and bond ratings
- legal liability and what you can do
- practical applications

11:45 - 12:15 legislative roundup (who could give? Nuin Tara at OPC? Julia K of LGC?)

- 15 minute briefing
- 10 minute q&a
- 5 minute identify action

12:15 - 1 networking lunch

activity: networking prompts...what was the buzz today? what did you learn new today? and what was missing?

social media captions... "a resilient central coast means..." and then selfie with #ResilientCentralCoast and tag 4C annual symposium

1 - 2 On the ground implementation:

- projects addressing three hazards or topics across region that were specifically called out in LHMPs or Adaptation or Resilience Plans
- RCD

2 - 2:15 networking break/cookies and lemonade

2:15 – 3:30 Small Breakouts...Identifying Action through structured across three topics by scoping a project, program, education opportunity, or other action to advance the region and your organization's common interests

Examples/EXAMPLE topics:

CENTRAL COAST CLIMATE EQUITY TRAINING PROGRAM

What: Write grant for **In depth equity trainings** with one overarching organizer (green lining?) collaboratively developed with local EJ partners (and funding for their participation) that result in Central Coast specific equity trainings in the Monterey Bay area, SLO and SB/Ventura areas.

Who is involved: identify all the actors involved

Who funds it: is it funded by 4C or by other grant making agencies...identify them

Which 4C committee should be involved if at all?

Who will join this committee to prepare?

Where else has done this and can we model their work/tailor for our region?

When? Plan and launch in Jan 2020

CENTRAL COAST TRANSPORTATION CORRIDORS VULNERABILITY TO CLIMATE HAZARD ASSESSMENT PROJECT

What:

Who:

Who funds?

4C committee?

Who will join committee or lead?

Where else has this been done?

When?

PUBLIC HEALTH AND CLIMATE CHANGE ON CENTRAL COAST

What:

Who:

Who funds?

4C committee?

Who will join committee or lead?

Where else has this been done?
